Gary Stutzman; Connie Caward; Eugene Newsome
Allison Crist; Robin Shook; Nadia Shaver; Donnie Baker

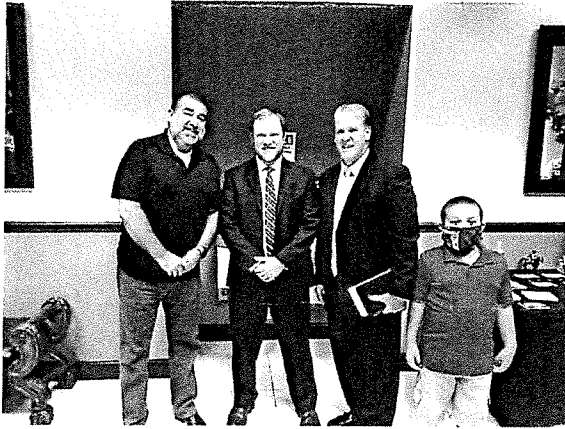

UNSPOKEN, WISDOM, GUIDANCE

Jane D, Mark Arana, Darlene P, Wanda Scott, Noah Rudelis

Stephen and Leslie Carrier Church-Planting Missionaries to Chile November 2020

"Can you believe it's still October?" Leslie asked as we drove down the road to our next destination. It actually was somewhat hard to believe. We started the month in the Miami area, and by the time it was drawing to a close, we had been to Delaware, Pennsylvania, Michigan, Ohio, Tennessee, North Carolina, and various other sections of Florida. We also Zoomed into one meeting in Alabama. It was a jam-packed month, but God was so good as **we heard of new supporting partners in the ministry and got to be in several wonderful churches.** There was a Chilean man in one of the churches, and since I can't ever find Chileans in America, I was ecstatic.

Speaking of which, Chileans voted overwhelmingly on October 25th to rewrite their constitution from scratch. Many of them felt their constitution allowed for too much income inequality, not enough access to medical care and education, etc. There have been various riots and circumstances leading to this decision, and now Chile will form a new constitutional convention to rewrite the constitution. This convention will be made up of 155 members, equal parts men and women, who will work together to have a new

constitution within nine months, with the option of a one-time three-month extension. The country will then vote on the new constitution, probably sometime around mid-2022.

Our biggest prayer is that religious freedoms will continue in Chile. While we don't anticipate that being an issue inasmuch as it wasn't one of the main sticking points in the old constitution, we still don't know for sure what will happen once certain opportunists get involved. We're also concerned they'll end up voting in a more socialistic type of government, and we all know where that ultimately leads. However, the Lord is in control and He knew all of this before He ever sent us there. In the end, we know He wants the gospel to go forth so that Chileans may know Him, and we can't wait to get there for that purpose.

Please continue to pray that we may get to 60% of our needed support to purchase tickets, and then that we may depart for the field in 2021. God bless you all!
